

SOLID, COMMON-SENSE REASONS WHY YOU SHOULD CARRY THE GREEN MOUNTAIN PELLET GRILL

PROFIT You get an unparalleled dealer discount from Green Mountain, one which rewards you for your time, capital, and expertise.

REPEAT CUSTOMERS Sell a propane or briquette grill, make money for a day. Sell a pellet grill, make money for a lifetime. Where else would your customers buy pellets? And what else will they buy when they come back into your store?

AFFORDABLE Now everyone can purchase a pellet grill. The Green Mountain grill starting at \$759 (MSRP) provides real value to your customers.

BEYOND GOURMET A pellet grill can literally turn a back yard burger burner into a neighborhood chef. Food tastes better because pellets impart true wood flavor. Open-fire cooking without the mess!

EASY AND AUTOMATIC Just turn it on and away you go on a culinary journey limited only by imagination. Think meats, poultry, fish, vegetables, breads, casseroles, even pizza.

CLEAN AND SIMPLE No charcoal dust, no lighter fluid, no propane tanks. Just fill the pellet hopper and turn it on.

QUALITY This grill weighs 149 pounds, which shows you that the engineers left no stone unturned to make sure it contained the beefiest components to insure its quality and longevity.

SOLID COMMITMENT TO DEALERS Green Mountain dealers aren't everything – they're the only thing! Without you, we would never sell a grill. Join our growing family of dealers and experience the kind of support you deserve and a relationship you can count on.

NO BOX STORES Think they're too busy to help you find a two-by-four? What if you asked a question about a pellet grill ...
